Rock Island County Health Department reports 3 deaths, 30 new cases of COVID-19

The Rock Island County Health Department reports three deaths from COVID-19: a woman in her 90s and a woman in her 80s, both of whom were in long-term care facilities; and a man in his 80s, who had been hospitalized. The total number of deaths in Rock Island County from this virus is now 56.

“We regretfully announce that another three Rock Island County residents have died from COVID-19. We offer our sympathies to their loved ones,” said Nita Ludwig, administrator of the Rock Island County Health Department.

In addition, the health department reports 30 new COVID-19 cases, bringing the total number to 2,091. Currently, 13 patients are hospitalized in Rock Island County.

The new cases are:
- 1 woman in her 90s
- 1 woman in her 60s
- 4 women in their 50s
- 2 women in their 40s
- 2 women in their 30s
- 3 women in their 20s
- 2 girls in their teens

No additional information regarding these cases is available due to federal privacy laws.

We all must continue to do our part to prevent further spread of COVID-19 by:

- Washing your hands frequently
- Watching your distance  Keep at least 6 feet between you and anyone else
- Wearing a face covering when you must go out
