Rock Island County reports 3 additional deaths; 116 new cases of COVID-19

The Rock Island County Health Department is reporting three additional deaths from COVID-19: a man in his 80s who died in a long-term care facility; and two women in their 70s, both of whom died in a hospital. The number of deaths in the county from this virus is now 123. Currently, 69 patients are in Rock Island County hospitals with COVID-19.

“Staff members of the Rock Island County Health department extend our sympathies to the families and friends of these three residents,” said Nita Ludwig, administrator, Rock Island County Health Department.

In addition, the health department reports 116 additional cases. The total number is now 7,249.

No additional information regarding these cases is available due to federal privacy laws.

We all must continue to do our part to prevent further spread of COVID-19 by following these guidelines:

- **Stay home:** Leave for only essential items and services
- **Mask up:** Wear a face covering every day and every time you leave your home
- **Wash up:** Wash your hands with soap and water for at least 20 seconds
- **Back up:** Keep at least 6 feet between you and anyone else at all times
