

**FOR IMMEDIATE RELEASE**

June 28, 2021

**Rock Island County Health Department reports 5 new cases of COVID-19 over 3 days;  
daily case count reports being discontinued**

The Rock Island County Health Department reports five new cases of COVID-19 since our last report on Friday. The total number of cases is 15,004. Currently, two patients are hospitalized in the county with the virus. The number of deaths remains at 333.

The Rock Island County Health Department will discontinue issuing daily case county media releases. Instead, media releases will be issued once a week, on Monday. The hospitalization count only will be reported on Monday.

The new cases are:

- 1 woman in her 40s
- 1 woman in her 20s
- 1 girl younger than 13
- 2 men in their 20s

No additional information regarding these cases is available due to federal privacy laws.

Even though the number of cases of COVID-19 is much lower than in previous weeks and months, we all must continue to work to prevent further spread of COVID-19 by:

- Getting vaccinated as soon as you can. Visit [vaccines.gov](https://www.vaccines.gov) to find your shot. RICHD offers walk-in vaccines on Tuesdays (Moderna and Johnson & Johnson) and Fridays (Pfizer). The hours for both days are 9 a.m. to noon and 1-4 p.m.
- Staying home when you are sick
- Wearing a face covering if you have not been fully vaccinated
- Keeping 6 feet of physical distance from others in public if you have not been fully vaccinated
- Washing your hands frequently
